Description

The Luna Irregular system is a highly customizable LED fixture with endless configurations and applications. For illumination in virtually any shape, the Luna uses a thermoelastic membrane for even diffused lighting. Alternatively, the Luna may also be configured with an acoustic membrane to dramatically improve the sound absorption coefficient in the interior space. Using the illuminated system in conjunction with the acoustic system easily combines the lighting concept with a great way to reduce noise levels.

For any custom solutions, please contact Orbit Illuminations and we will accomodate within the systems capabilities.

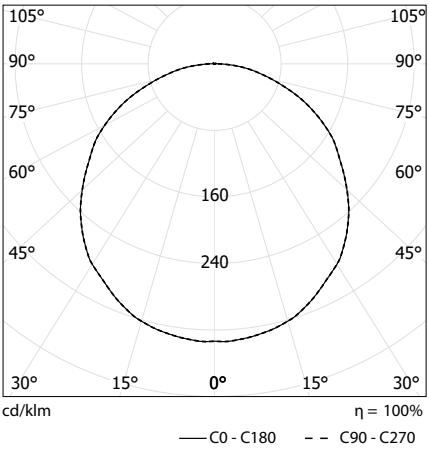

Delivered Lumens with Thermafoil Diffusor (Luna Round)

Output Level	Standard		High		Weight (kg)
LUNA LED 600	1250lm	16W	2500m	33W	14,00
LUNA LED 950	3400lm	44W	6800lm	88W	22,00
LUNA LED 1250	5600lm	70W	11200lm	140W	29,00
LUNA LED 1500	8000lm	103W	16000lm	206W	35,00
LUNA LED 1800	11500lm	150W	23000lm	300W	42,00

5
YEAR WARRANTY

LED lifetime
