Description

The Suono Layer Pendant is a modular acoustic LED lighting system that seamlessly combines high-performance illumination with sound-absorbing functionality. Designed to enhance both aesthetics and acoustics, Suono Layer features layered acoustic panels that help reduce ambient noise while creating a striking architectural presence. Its flexible modular design allows configurations up to 10 feet in length, making it ideal for open offices, conference rooms, educational spaces, hospitality environments, and other collaborative settings. Integrated energy-efficient LED illumination delivers comfortable, uniform light, while the acoustic felt components contribute to a quieter, more productive environment. Available in a selection of colors and configurations, the Suono Layer Pendant empowers designers to create customized linear installations that elevate interior spaces with both visual warmth and acoustic comfort.

PRODUCT FEATURES

- Pendant
- Single CCT
- Direct
- Extruded aluminum with PET
- Microprismatic satin diffuser
- Surge protector.
- Class II/P driver, 0-10V dimming as standard.
- 50,000+ Hours LED Life Expectancy.
- Power factor: >0.9.
- 5 Year Warranty.

NOTE: Specification subject to change without notice
